47 days till Spring!

This time of year is tough. We haven't seen the sun in months it seems. Gray skies are the norm. We tend to let that affect our moods, even makes us depressed. Hang in there...we'll be in warmer weather soon which naturally brings on smiles, happy times, enjoying each other again and....baseball 😊

Some of your fearless leaders.

February Birthdays

In astrology, those born between February 1–18 are the Water Bearers of Aquarius. As the water of life heals the land, so Aquarians are the humanitarians of the zodiac. Free-spirited, nonconformist, compassionate, and visionary, they support giving “power to the people.” Those born between February 19 and 29 are the Fish of Pisces. Fish feel things deeply, as in under-the-sea deep. These intuitive, creative, and intelligent people have strong feelings of right and wrong and also love to help others.
